

Hatraco® Pre-Chamber Spark Plugs

Pre-chamber plugs (PCP's) for various MWM® engines

Hatraco PCP's for a variety of gas engines

Hatraco **18.029-01** PCP is applicable for all type of gases on all MWM® TCG2020 engines.

Hatraco also has a PCP applicable for all TCG2016 engines, the **18.023-01**, which is suited for all type of gases on these engines.

These unique PCP's are **plug-and-play**, no need to change timing or any other settings. Both PCP's are custom made in Europe and **available at Hatraco**.

Durable

The special design makes it possible to operate the spark plugs up to 6.000 hrs* without re-gapping.

Safe

The robust design and "Hot-Lock"-process ensures top performance and safe operation for your engine. No need for metal barrels PCP's.

Less waste

The amount of waste is reduced by using a far more durable solution compared to long metal barrel PCP's.

**lifetime depends on operating conditions.*

Available at Hatraco

Replaceable and cost-effective

Hatraco® spark plug extensions with the Hatraco PCP's

Hatraco 18.029-01 and 18.023-01 PCP's have specially designed matching Hatraco® Spark plug cables. These unique PCP's and matching Hatraco® leads are durable, cost-effective and easy replaceable compared to the long extended barrel. A one-stop-shop to save metal tubing and costs.

The Hatraco® HT leads:

- **2 week shipment after receiving P/O**
- Up to 4 times the lifetime of well known barrel plugs *
- Custom designed and produced in Europe
- No need for minimum quantities
- Laser marked part number and production code
- Free option with your own company logo

**lifetime depends on operating conditions.*

Specs / measurements

For MWM® / CAT® TCG2020 gas engines:

18.029-01

■ Alternative for all metal barrel PCP's currently suitable for the above mentioned engines.

■ Alternative for the following original PCP's:

MWM 1245 2176
MWM 1245 2828
MWM 1245 3318
MWM 1245 3388
MWM 1245 3556
MWM 1245 3572

For MWM® / CAT® TCG2016 gas engines:

18.023-01

■ Alternative for all metal barrel PCP's currently suitable for the above mentioned engines.

■ Alternative for the following original PCP's:

MWM 1234 9475
MWM 1234 2668
MWM 1234 3055
MWM 1234 3755
MWM 1234 4096
MWM 1234 3562
